Rocket Mountain Biking Club

The Rockets are a non-profit mountain bike (MTB) club based in South-western Ontario, with members from Essex and Kent Counties and southern Michigan. Our organization is a member of International Mountain Biking Association (IMBA).

If you are new to the wonderful world of mountain biking, we offer you the chance to get out riding with people of all skill levels and abilities.

The club consists of riders from beginners just learning the sport to competitive expert racers. We have a good mix of males, females, and children that all partake in our events.

We hold two 8 Hour race events for charity. For the recreational rider we have regular fun rides, training rides and fun races. Check the web site for full details.

Every off-road cyclist – from the recreational Sunday rider to the Expert XC racer – will enjoy the benefits of a Rocket membership. Many events planned throughout the year make this much more than just another cycling club.
